Invent the Future

Recognize emerging opportunities and create sustainable solutions.

Lead

Empower yourself and others to envision, strategize, and plan.

Design and Create

Create a future that applies technology appropriately so today's solutions don't become tomorrow's problems. Design to regenerate natural systems and optimize diversity and wellbeing. Unleash your inner artist.

Be Just, Be Fair

Practice justice and equity for all. Be embraced for who you are and what you contribute.

Collaborate

Learn to be part of a highly successful team and serve your community.

“The inspiration I received at New Roots has helped me to approach new challenges in creative ways, and helped me to feel at home at Babson College, which is the #1 entrepreneurship college in the US.” **NRCS Alum**

Turn 21st Century Challenges Into Opportunities.

Be prepared for success in a rapidly-changing economy. At New Roots, learning meets life head-on. We redesigned 20th century high school for the relevant, real-world learning and problem-solving that will give you the edge in college and career.

Turn the big challenges of our time into your opportunity to create a rewarding and meaningful life for yourself—and do good, too. New Roots prepares you with hands-on, community-based learning that teaches you to solve real-world problems while you earn your Regents diploma and college credit while in high school.

This is your moment in history—step out of the box and into a life that you create with passion and purpose. Global climate change? You’ve got this!

“Going to New Roots changed my outlook on going to school. The curriculum is full of hands-on activities and so many extraordinary opportunities. Because of New Roots I have improved academically to succeeding rather than failing. New Roots is a life experience that is unlike any other.” **NRCS Alumnus**
